SUBJECT: Denmark.

TO : Commander Lester L. Armour, USNR.

1. Reference is made to our conversation yesterday about the Danish Resistance Organizations.

2. I think it would be well if General Donovan could find time for a meeting with the two leading organizers of Resistance Groups and the Intelligence of the Danish Underground, Mr. P. Juncker and Mr. S. Truelsen.

3. Such a meeting would be desirable for various reasons.

a. It would demonstrate to these men the interest taken by the Chief of our Organisation.

b. The General would bear first hand about the work done in the field and could also get their ideas about the part Denmark can play in post-war control of Germany.
